# HACCP

## Principles & Applications

QMS Audits' HACCP Training is delivered as a 2-day workshop. Participants also complete a small amount of post-course assessment. The assessments are based on tasks required for a HACCP, Freshcare, BRC, FSSC22000 or SQF audit.

Our course has two units of competency:

**FBPFSY2001:** Implement the Food Safety Program and Procedures

**FBPFSY3002:** Participate in a HACCP Team.

On the first day, we examine the food standards code, potential hazards and microbial growth.

Students write up their own toolbox talk – combining requirements of the Food Standards Code with internal company requirements, a training matrix, discuss contamination, monitoring and prerequisite programs.

On Day 2, we write up a basic HACCP Plan from a flow chart through to a HACCP Audit Table and then a Verification Schedule.

Course duration: 2 days

QMS Audits Training is a Registered Training Organisation (ID 45344)
