# HACCP Refresher

QMS Audits HACCP Refresher Training course satisfies the requirements for SQF, BRC, Coles/CFSMR, Woolworths, Supplier Excellence, GlobalGAP and FSSC 22000.

We have combined our one day HACCP Refresher training with an opportunity to network and problem solve with other quality managers, HACCP Team members and people involved with managing food businesses.

Throughout the HACCP Refresher Training, we walk through the 7 principles of HACCP as we build a HACCP plan, with participants discussing current issues they are facing. Discussions range from recent non-conformances from audits through to discussion around implementation and how to get buy-in from managers, directors, food handlers and production.

We revisit prerequisite programs and build a HACCP plan together as a class.

You can expect some lively debate as participants offer ideas and we facilitate class discussions around these issues.

**Course duration:** 1 day

The training is designed to give participants time to ask questions about their individual plans. Previous participants have come from a range of industries including logistics, meat and poultry industries, fruit and vegetables growers and FMCG manufacturers.

At QMS Audits we love training so much that we have designed a range of specialised courses, which will satisfy certification requirements as well as drive food safety and quality. We offer 3 options to study: In-House at your facility, in the Classroom and instructor-led Virtual Classroom.

If you need any help or advice in booking this training, would prefer to pay over the phone or be invoiced, please call us on **1300 404 505**.

**Price: \$495** +GST
